Social Developments in the European Union is the product of a collective effort. In addition to the authors of the various contributions (see list at end of volume), we are particularly grateful to the researchers of the European Trade Union Institute for Research, Education and Health and Safety (ETUI-REHS) for their careful scrutiny of the text and judicious comments. We naturally take full responsibility for the views expressed in this volume.

We should also like to thank Reiner Hoffmann of the European Trade Union Confederation (ETUC) and Maria Jepsen of the European Trade Union Institute for Research, Education and Health and Safety (ETUI-REHS).

On the organisational side, we are greatly indebted to Valérie Cotulelli for formatting the text, Françoise Verri for co-ordinating the translation, and Dominique Jadot for supplying the chronological references included at the end of the volume.

Translation from the French by Janet Altman and her team.
